➔ Orovo Acne

Most products treat acne exclusively from the outside, not realizing that internal imbalance and toxins can cause just as many problems as external toxins. *Orovo Acne* has implemented the Top 10 SuperFoods as well as an antioxidant blend and a number of all natural acne fighting ingredients to combat this growing problem. By working internally, *Orovo Acne* treats the problem at the source, stopping it before it can even begin. Moreover, it strengthens and nourishes the skin against future damage not only from acne, but from a myriad of sources.

➔ What Makes Orovo Acne Superior

Orovo Acne completes the Orovo acne system, allowing Orovo to fight acne not only from the outside, but from the source. There are no other acne supplements on the market that provides everything your body needs to fight acne related skin lesions. The key components to what makes *Orovo Acne* so special are:

- >> Using the Top 10 SuperFoods, *Orovo Acne* works to balance the body's delicate systems. The SuperFoods are known for their antioxidant as well as their healing and rebuilding properties.
- >> Dandelion root works to remove toxins stuck in the body so that your body is better able to absorb essential vitamins and minerals it requires
- >> Witch hazel acts as a powerful astringent, working to shrink the pores so less dirt is able to penetrate the skin's surface in the first place, without drying it out or making skin peel
- >> The Orovo antioxidant blend provides extra support to the top 10 superfoods, removing free radicals from the body and the skin and thereby reducing acne and aging.
- >> White willow bark acts as an anti inflammatory and as an aspirin to soothe red and painful skin.
- >> Essential vitamins and minerals connected with outbreaks of acne are included in *Orovo Acne*, and are better absorbed due to a new cleanliness within the body's systems.
